Association of Wellington County

# SOAR

*Over 25 students supported in the past 3 years*

## **Our SOAR families shared that the program helped their child**

- ✓ Develop skills for academic success
- ✓ Navigate social challenges during their transition to secondary school
- ✓ Understand their own learning style
- ✓ Have increased confidence and self advocacy skills

## **Program Impact**

### ***Facilitators have said:***

"As a facilitator, I am continually inspired by the incredible progress our students make. From the very first session to the end of the program, their growth in confidence is undeniable."

### ***Parents & Caregivers have said:***

"Thank you so much Alex for everything. [Our child] enjoyed your leadership during this course very much. And we appreciated her getting this experience."

"He enjoyed it, and couldn't think of any feedback to improve. My suggestion would be to share the SOAR program information...I think a lot more families should know about it."
